

# Eagle 6 Sends

Team Eagle,

Sexual Harassment, Assault, and Rape are societal problems and our Army is not immune. Additionally, I continue to receive reports of other sexual misconduct like sexting, inappropriate relationships, and adultery. We all have a responsibility to eradicate this behavior from our ranks. I am proud of our Army's progress in education, reporting, and prevention, but we have more work ahead. Please see insightful information below provided by Ms. Wendi George (2nd BDE Victim Advocate - O: 256.450.9556, C: 256.457.3167, TF: 844.663.8931).
